69 orgasmic ways to pleasure a woman

Xaviera and Katje van Dijk have teamed up to produce the hottest sex advice book of the new millennium. It's hot, it's edgy and it is totally politically incorrect.

The duo scoured through thirty-two years of Penthouse Letters, yawned through all the current sex on the shelves, and checked out some of the most popular on-line advice columns in a critical attempt to see what advice men are seeking. In the process, the two women discovered that even though sex has gone mainstream, and even though people are 'out there' about issues that were forbidden topics forty years ago, most men are still largely clueless about how to be good lovers. It seems there's plenty of advice, plenty of information, but yet a dearth of good lovers.

The Happy Hooker's Guide to Sex: 69 Orgasmic Ways to Pleasure a Woman is destined to be a best seller, as it presents the best of the best advice for men in how to approach and implement great love-making, the kind of love-making that kicks off the dopamine in her brain and makes her return repeatedly for more.
